  - Trimmed tray edge
  - Diagonal drainage grid
  - Black color
  - Low Profile 3.5" Sidewall
- No**

### Botanicare's® Redesigned Inside Dimension trays

Botanicare's® redesigned white premium ID trays offer professional hydroponic gardens with superior quality and performance. The ID trays now include a 7" deep sidewall\* that accommodates larger root masses, taller pots, and deeper saturation. Rounded, wider, drainage channels simplify cleaning while newly engineered corner gussets allow for greater support. The ID trays maintain Botanicare's® standard true, inside dimensions for maximum growth space. Made from recycled and recyclable ABS plastic.

\*measurement from top of drainage grid to top of tray

### Botanicare's® New Outside Dimension trays

For these compact spots that require precisely measured components Botanicare® has developed new Outside Dimension Trays. These trays sit in the precise footprint that their name suggests and fit easily into all growing tents on the market. The Botanicare® OD trays, available only in black ABS plastic, are formed with an easy to clean diagonal drainage grid to direct water towards drainage fittings. Superior rigidity over other OD trays on the market, these new OD trays are an economical purchase for the space minded consumer.

### Botanicare's® New Low Tide trays

Why pay for extra plastic when all you need is a little water catchment? Our newly expanded line of Low Tide trays, now offered in black, are a perfect match for growers who need just a little something to put under their plants. These newly designed trays offer a diagonal drainage grid that directs water out of the tray and sits in the same footprint as its growing space. The 3.5" tall\* Low Tide trays are designed with the nutrient solution, conserving gardener in mind.
