

HORTILUX™ PLATINUM SERIES

Electronic Ballast & Lamp Kit

The only ballast designed to operate HORTILUX grow lamps.

WHAT'S INCLUDED

- 1000W 120/240 Volt EYE HORTILUX™ Platinum Series Electronic Ballast
- 120 Volt cord
- EYE HORTILUX LU1000B/HTL/EN Super HPS lamp

TECHNOLOGY

- Designed by experts in lamp-ballast compatibility
- Low frequency, square wave operation
- Superior performing design - Made in Japan
- Clean Cool™ Technology channels airflow to reduce dirt & dust accumulation on critical electronic components (Patent Pending JP201162403)
- 5 years of product development and testing ensures performance and reliability

FEATURES

- ETL Certified in the USA and Canada for fire and electrical safety
- Flicker-Free steady state operation
- Extended ground contact in lamp plug for maximum safety
- Generator ready
- 10% energy savings over conventional magnetic ballasts

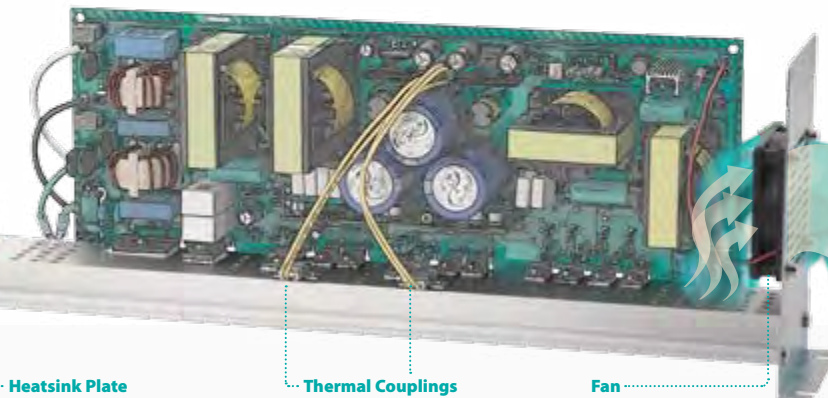

PLATINUM SERIES

1000 WATT E-BALLAST

FULL 5 YEAR WARRANTY

Wattage	MSRP	Input Voltage	Amp Draw	Ballast Frequency	THD	Power Factor	Max Remote Distance (ft.)	Short Circuit Protection	Dimming
1000	\$659.95	120/240	8.7 @ 120V : 4.3 @ 240V	120Hz	4% Max.	> 0.99	15	YES	N/A

Heatsink Plate

Air flows underneath the Heatsink plate keeping dirt and dust away from critical electrical components.

Thermal Couplings

Constantly measures temperature and will shut down an over-heated ballast – protecting your ENTIRE lighting system

Fan

Expels heat away from the ballast adding additional protection
