

- 355° rotation/counter-rotation
- Complete blending of MH and HPS light
- Maximizes grow light efficiency
- Increases light angles
- Even light distribution
- Eliminates reflector hot spots
- Closer plant-to-lamp tolerance
- No Cords to cut
- No Hardwiring
- Completely Expandable
- Can run 1-4 lights
- Extremely low profile
- All-Metal Housing
- Sturdy, lightweight aluminum arms
- Heavy-Duty instrument grade motor
- Air cooling capable
- Over 4 years of testing and research
- Built in the USA
- 2-Year Warranty

The Solar Revolution™ circular light mover will **increase grow light efficiency** by directing light into the plant canopy at different angles, and will **reduce heat** because the lights never stand still over any one part of the garden. Less heat and higher lighting efficiency means **healthier plants** and **higher yields** Blend Metal Halide and High Pressure Sodium systems for **optimum full-spectrum light**. Made from heavy duty components and engineered for **quality and durability**, the Solar Revolution™ is built to take the heat without missing a beat!

The Solar Revolution™ is available from this authorized dealer:

COMPARISON CHART

Solar Revolution™	Linear Track Light Mover
Can run 1-4 grow lights	can run 1-2
Can blend HPS and MH	cannot blend light
Great for square areas	not good
Eliminates reflector hot spots	not as well

SOLAR REVOLUTION™

CIRCULAR LIGHT MOVER

The Solar Revolution™ is a state of the art, low profile circular light mover that can rotate one to four grow lights. Its unique design allows the gardener to add capacity as needed—the standard unit will rotate one or two lights, while the simple addition of cross bars enables the unit to rotate up to four lights without having to buy a whole new mover. Another Solar Revolution™ benefit is that there is no need to cut any lamp cords or do any hard wiring. The innovative design rotates the lamp(s) 355° in one direction, then reverses course to provide even garden light coverage. The Solar Revolution™ is extremely durable and is crafted from only the finest materials. From high stress bearings and instrument grade motors, to an all-metal housing and aluminum arms, nothing was overlooked in the quest for reliable performance. Each and every unit is hand built and factory tested to ensure consistent quality and trouble-free operation. If you have any questions or would like any more information on how the Solar Revolution™ can benefit your garden, please contact your retailer or visit solarrevolution.com.

Solar Revolution™ 1 lamp

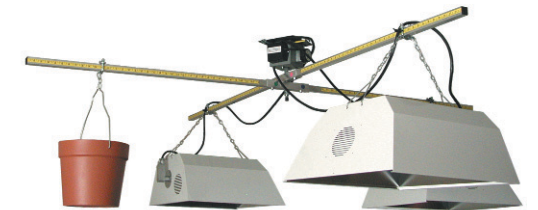

- Rotates 355° in each direction
- Rotation time: 4 minutes
- Coverage area: up to 10' x 10'
- Number of arms: 2
- Weight: 12 lbs
- Motor Dimensions: 4" x 4" x 4"
- Arm length end to end: 86"
- Counterweight required
- No hardwiring required
- Heavy duty 120v motor
- All metal housing
- All aluminum arms
- Lamp hangers included
- 2 Year Warranty (1 year on motor)

optional accessories:
cross arms for expansion

*grow light and counterweight not included

Solar Revolution™ 3 lamp

- Rotates 355° in each direction
- Rotation time: 4 minutes
- Coverage area: up to 14' x 14'
- Number of arms: 4
- Weight: 16 lbs
- Motor Dimensions: 4" x 4" x 4"
- Arm length end to end: 86"
- Counterweight required
- No hardwiring required
- Heavy duty 120v motor
- All metal housing
- All aluminum arms
- Lamp hangers included
- 2 Year Warranty (1 year on motor)

*grow lights and counterweight not included

Solar Revolution™ 2 lamp

- Rotates 355° in each direction
- Rotation time: 4 minutes
- Coverage area: up to 12' x 12'
- Number of arms: 2
- Weight: 12 lbs
- Motor Dimensions: 4" x 4" x 4"
- Arm length end to end: 86"
- No hardwiring required
- Heavy duty 120v motor
- All metal housing
- All aluminum arms
- Lamp hangers included
- 2 Year Warranty (1 year on motor)

optional accessories:
cross arms for expansion

*grow lights not included

Solar Revolution™ 4 lamp

- Rotates 355° in each direction
- Rotation time: 4 minutes
- Coverage area: up to 16' x 16'
- Number of arms: 4
- Weight: 16 lbs
- Motor Dimensions: 4" x 4" x 4"
- Arm length end to end: 86"
- No hardwiring required
- Heavy duty 120v motor
- All metal housing
- All aluminum arms
- Lamp hangers included
- 2 Year Warranty (1 year on motor)

*grow lights not included
