Section 4: First-Aid Measures

Description of first aid measures

- Inhalation** • Call a poison control center or doctor immediately for treatment advice. If not breathing, give artificial respiration. Move victim to fresh air.
- Skin** • Take off contaminated clothing and wash before reuse. Call a physician or poison control center. Rinse skin immediately with plenty of water for 15-20 minutes.
- Eye** • IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a physician or poison control center.
- Ingestion** • Do not induce vomiting unless told to by a poison control center or doctor. Have person sip a glass of water if able to swallow. Call a physician or poison control center.

Most important symptoms and effects, both acute and delayed
